Nice to meet you, or maybe welcome back, my name is Mozu.
This is my 8th Strike Witches book.
It's been a few months since the movie's been released, but my fever hasn't gone down, so this book too will have the same setting as the movie.

The movie was really great. I went to the theater to see it 5 times and, among them, the actors greeted us from the stage twice. I was trembling.
When I opened the complete guide book to find data to draw the manuscript, I had to restrain myself from shouting a battle cry when I remembered the movie.
But the book is the same as always, porn. That's how I show my love!
I love Marie, who's like a mass of eros, and Shizuka, who shows no limit in how much of a mongrel she is!

I would like to thank hi-ho- for putting the finishig touches on the covers, Kinniku☆Tarou for the wonderful drawing he provided me with and Kyouno, who helped me a lot by supporting me financially, thank you very much.
Let me express my gratitude here again.

July 27th, 2012 Mozu

I'm Morita Fukamidori.
The movie was really great... I went to see it in theaters 4 times.
This time, Mozu wanted to draw Marie and I wanted Shizuka to be there, both of us had our requests, and the result is that the composition of the book is a bit strange now.
Also, it's disappointing that, even though we wrote breasts in the title, Nipa isn't in it.
Anyway, after seeing the very last 3 characters wrote in the movie, I'm really looking forward to it now.

Well then, to all of you who chose to read this book, thank you very much.
